This year, I attended each of the quarterly Advisory Council meetings of the New Hampshire Library Development program. Three of these were held at the Branch Office in Keene and the other in the Town Hall in Charlestown. After this meeting we visited the library and Fort No. 4. Much progress has been made since the first time I was there. I urge everyone to visit this spot and acquaint themselves with early New Hampshire history.

I have attended four of the six book buying meetings sponsored by the State Library. One of these was held in Jaffrey and the others at the Branch Office. At these meetings a selection of new books, both adult and juvenile is made available for librarians to examine firsthand. Brief reviews of books and talks on current aids, etc. are made by the state personnel.

I served as a co-hostess at the annual meeting of the New Hampshire Library Association held at Colby Jr. College in New London. It was on a gorgeous day in June and a more beautiful spot could not have been chosen.

There have been two film programs for the youth this year—one at the library and one at the Veteran's Hall. Both were well attended.

Two book and cooky sales were held during the summer. Together these netted about \$80.00. Jewelry of all kinds was added to the last sale and was the main attraction. So—ladies,

LIBRARIAN'S REPORT

put your discarded jewelry into a box and save it for our next sale — every little bit helps.

A gift of \$10.25 was given to the library in dissolution of an old bank account of an early Richmond P.T.A. This money will be used to purchase several remedial books.

I would like to thank all those who have contributed books and magazines to enrich our already wonderful collection.

Presently, our hours are —

FIRE CHIEF'S REPORT

During the past year the Firemen made, and paid for, several improvements at our Fire House, out of funds from Bingo.

The biggest improvement was blacktopping the driveway.

Other improvements were the purchase of three battery chargers and a new Secretary's desk.

Through our District Forest Fire Chief, the Fire Dep't. was able to get a four wheel drive truck from the State of N. H., which we can remodel into a fire vehicle any way the firemen think will be the most practical for the town.

Due to circumstances beyond our control, the fire hydrants, that money was voted for at last years town meeting have not been installed. We have the hydrants and plan to complete the job this coming year.

The fire house is everyone's, we welcome you there anytime. Any suggestions or assistance will be appreciated.

I also urge anyone wanting to burn to get a permit.

Number of fires :

| | |

| Chimney | 4 |
| Rubbish | 1 |

| Forest Fire | 1 5 Acres |

ARTHUR E. STINSON,
Fire Chief

FOREST FIRE WARDEN'S REPORT

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — Instruct your children that matches are not play things.

Truly — Only You Can Prevent Forest Fires

POLICE CHIEF'S REPORT

I hereby submit my report for the year 1966.

During the past year your Department has investigated 11 accidents involving automobiles.

Your police were called 8 times to investigate disturbances of the peace involving people and three complaints involving animals.

Ten breaks were checked and the co-operation of the Sheriff's Department was enlisted when necessary.

Your department assisted during three personal emergencies involving the need of the service of a doctor or hospitalization. In the same vein six emergency messages were delivered.

We co-operated with the Athol Police Department when investigating trouble on the Massachusetts line. We also enlisted the co-operation of the Swanzey Police Department when police escort became necessary to protect a person's life during the union strike in Keene.

Delinquent dog taxes were collected and five stray dogs were disposed of.

Your policemen have been on duty at four public meetings held in Richmond. During the summer months the Town Beach area was checked daily.

Each school day there was police protection for your children at Four Corners. Mrs. Virginia Tedford has assisted in this capacity as a special police woman.

The Department has co-operated in all Civilian Defense activities and with the Town Health Officer.

At the request of the citizens of Richmond your department has stood traffic duty at Four Corners during the time of heavy evening traffic going to the race track. Your officers stood this duty for a total of 206 hours. We had no serious accidents at the corners during this period of time. Some 50 warnings were issued.

POLICE CHIEF'S REPORT

Due to the many additional hours demanded by this particular task Robert VanBrocklin was made a special police officer. His service has proved an asset in all phases of our work.

We can serve you only to the extent to which you notify us of your needs. We wish to thank all those who in the past year have co-operated with us by calling to report accidents, breaks, disturbances, or suspicious people or circumstances.

Respectfully submitted,
ROY B. HEISE,
Chief of Police

HEALTH OFFICER'S REPORT

The year 1966 was a step forward for our community so far as your health representative can report. Our communicable disease rate was remarkably low by comparison to other communities, especially those sharing our group school system. Work in conjunction with school authorities and on local levels made this record possible.

Water pollution problems were investigated and bad conditions were eliminated. One such case is still under investigation and, should a water test show contamination after our spring thaw, this condition will be corrected as it is a serious threat to the health of several families. The local beach gave us a scare this past year but upon testing and with the help of the police and fire departments the situation was corrected to the joy of many.

Several dog bite cases were reported with the patient being properly attended by a physician. The animals were restrained for ten days and destroyed when necessary. Stray cats that were diseased and a threat to our pets were destroyed on three occasions.

Nuisance complaints were received and investigations followed. When deemed necessary, the causes were removed. A clean up request from the Concord board regarding the outside storage of refrigerators and any other type of articles with doors on was acted upon to protect our children.

During my absence I wish to thank Mrs. Arthur Stinson for keeping my weekly reports up to date. It has been a pleasure to serve the community and I have appreciated the cooperation of many.

Respectfully submitted,
KATHRYN K. RAWDING

REPORT OF THE MONADNOCK REGION ASSOCIATION

To The Town of Richmond

The stated aims of your Monadnock Region Association, now in its 34th year of existence, are as follows: To help the Monadnock Region remain beautiful, to promote worthwhile organizations, to increase the prosperity of its inhabitants, to encourage the development of parks and recreation facilities, and to be of service to all who live, work or visit here.

During the past year your Association has sponsored 4-H activities, Boy Scouts, Boys' State, forestry betterment, Philharmonic Concerts and ham radio groups. We have given slide lectures, talks on Parliamentary procedure, and duties of Town Officers. In co-operation with the National Society we sponsored the First Covered Bridge Festival to be held in New England. We have attended public hearings whenever the interests of the Region or any Town were at stake.

We continue to work for roadside beautification, conservation of resources, and protection of wild life. We publicize historic sites, points of interest and natural attractions. In various ways we have contributed to the development of the Region along cultural and educational lines to the end that such advantages are apparent and a factor in inducing desirable and valuable people to locate in the Monadnock Region.

Your Region Association will tackle any problem advancing the livability of the area of the Monadnocks for natives, visitors or new residents.
